

Duralite 440

Easy Weld™ Finish

PRODUCT SPECIFICATIONS

Duralite 440 is the only light-medium PVC fabric that is made in Australia for Australian and New Zealand conditions. The fabric has been designed, developed and manufactured using spread-coat technology at WCT's state-of-the-art textile mill in the Hunter Valley of NSW. The fabric is manufactured with Easy Weld™ finish which is aimed at delivering quicker and stronger welds for fabricated products.

Incorporating new German technology, the Easy Weld™ finish includes a non-solvent based lacquer system which is Environmentally friendly, carbon foot print neutral, containing no ozone depleting substances, and provides excellent resistance to dirt and grime.

The fabric is well suited for a wide range of applications – especially where lighter weight material is an advantage. These include marquee walls, caravan awnings and covers, sporting goods and banners etc.

Weight:	440gsm Light Weight
Width:	205cm
Roll size:	35m
Composition:	30% Woven polyester fabric 70% Formulated flexible PVC coating
Coating method:	Spread coated
Tensile strength: (As 2001.2.3)	Warp: 1800N/50mm Weft: 1500 N/50mm
Tear strength: (As 2001.2.10)	Warp: 240N Weft: 260N
Special Features:	Flame Retardent tested to AS1530 parts 2 and 3 Test report available, UV Treated, Antifungicide, Acrylic Lacquer Coated.

Stock Colours:

	White		Burgundy		Dark Grey		Cocktail Fluro
	Beige		Federation		Black		Flame Fluro
	Yellow		Royal		Pink		
	Red		Blue		Purple
